cc: Rick Gillig (rig4@cdc.gov) <rig4@cdc.gov>;

Thanks for the update Keriema. As soon as we receive the official request to conduct the PHA/HC for the soil data, the request will be triaged and someone will be assigned to write the document. I will give you the contact information for this person when assigned.

If there is anything else I can do to help please let me know.

Sue

Subject: FW: Thanks for the update

Good afternoon Sue

I met this morning with my contractors (Greg and Limari of OTIE) to discuss the best avenues to get ATSDR the large data set. The plan is to establish a link for you all to access their ftp site as well as provide a user name and password so you all can have online access to the data.

We understand that everything is funneled through you until ATSDR determines who will be assigned the site. The data set is really large and our contractors want to meet with the individual who will actually be using the data and go over its use with them. So we will need to plan an in-person meeting with ATSDR and OTIE so they can give a hands on demonstration as well as talk through any questions with OTIE that they might have.

Thanks,

KERIEMA SMITH NEWMAN

Keriema,

Thanks for the update. As soon as I receive the data and the request I will forward to HQ for processing.
